RE: Identity Salon Day Spa Job Opening

LICENSED COSMETOLOGIST

Identity Salon Day Spa is currently seeking applicants for a Full Time cosmetologist.

Do you want to increase your income and build your professional experience? Identity Salon Day Spa is the area's PREMIERE salon/spa. We take great pride in offering our clients the highest possible quality services and customer service. We work in a team setting that is commission based. We provide you with amenities and opportunities no other local salon can, including a full-time professional reception staff and a beautiful and professional atmosphere that your clients will LOVE.

If you love what you do and take your profession seriously, then please consider a career with Identity Salon Day Spa. We established our locally owned business not only for an amazing client experience, but also for individuals who wish to work in a professional environment and still enjoy the benefits of living in our local area. No, you don't have to relocate to Spokane, Seattle or elsewhere to move to the NEXT LEVEL. A quality opportunity exists for you, right now, in downtown Pullman! Identity Salon Day Spa; *the style and sophistication of a larger city and the sensibility of a smaller town.*

This is a COMMISSION based position. New cosmetologists are required to maintain at least part-time hours in the salon, and we offer FLEXIBLE scheduling that will meet your needs and lifestyle. But if you already have an established clientele, or if you are able to market yourself and quickly build a clientele, the hours you work will be limited ONLY by your availability and willingness to work!

While we *prefer* applicants with a minimum three years of experience, all applications will be considered. Sometimes there is no substitute for natural talent and a PASSION for the career! We are seeking consummate professionals who strive to provide integrity in their work and the highest quality service and customer service experience possible.

To apply for this position, please visit our employment page on the web (<http://identitysalondayspa.com/employment.html>) download our job application form and email to us at: jobs@identitysalondayspa.com. We look forward to hearing from you... and if the fit is a good one, having you join our team!

If you have a cosmetology license in a state other than Washington, we can help you get your Washington license! Please do not hesitate to apply if you have licensure through Idaho or any other state. We have been in the salon industry for OVER TWENTY YEARS, we are an established, professional business, and can help you navigate these requirements!

Identity Salon Day Spa is a locally owned business and an Equal Opportunity Employer.
